From the Prez.....

The 12th and 13th of June is Ham Com time in Plano and a very good place to find commercial ham dealers so I usually go to start work on our Fest. Ran into John Mussey N5FJ, who was there to assist with testing. I was surprised to find out they usually test up to 300 people during the fest. Also saw Andy Maxwell, N5DK and Edwin Johnson KD5ZLB and enjoyed visiting with them. Not to speak of renewing friendships with HF buddies and meeting new ones for the first time that live so far away the only time you meet them in person is at a Ham fest.

Also met with several Commercial Dealers to try to convince them our fest was worth the trip. Got four to promise to be there, The Wireman, The Sign Man, Henry the BugCatcher Man and Jubilee. Others I got a maybe or will think about it. Will work on them between now and the Hamfest. Austin Radio was not there so will contact them later.

ARRL Field Day 2009

Time is here, next weekend is Field Day and are YOU ready for a good time? We have lots of fun planned for then. Operating of all eligible bands on phone, cw and digital. A place for the inexperienced or non ham to operate. Good friends to get together with and have a good time. Fun starts around 3pm on Friday and goes until Sunday afternoon. WE will again be in Sibley at the end of Frazier Rd. in the D&P Piping Yard, signs will be posted along the road and there is a map on N5RD.org. For bonus fun, come on out on Friday several of us will be camping out and just relaxing before we get started on Saturday morning. So come on out next weekend and see what we will have going.
